Find, play and download Flash Videos and Movie Clips.It's been more than a year since America's Next Top Model left the air, but Kim Kardashian, Ryan Seacrest and Tyra Banks still haven't thrown in the towel on the reality show. On tonight's episode, the three-time-nominee will face a very tough decision — one that might impact the women remaining in the competition: will one of them be the next Angel? The bottom two girls this week are model-turned-host Lizzie Miller and former Vogue British Model of the Year Jenny Garrity. The winner will receive a \$100,000 fashion spread in Vogue, opportunities in runway and editorial, and a contract with Elite Model Management. Unfortunately for Miller, no one on the panel thinks she'll win the final battle. As far as the judges are concerned, Angel is a bit of a known quantity: as a model, she's had runways and editorial work of her own. Last season, she was the first girl to get booted — which might make her the most memorable Angel in ANTM history. But Tyra is not a fan of Angel's work. "I like the other girls because they do things that I can't do," she says. "Like Megan [Jones] is jumping up and down in her car all the time. I wish I could do that too, but not that dancing!" But celebrity fans are excited about Angel's chances: "My best advice for her is to not fall off her bike or break a leg!" says one fan on ANTM-fan board. Still, just having Angel on the show shouldn't be enough to win — so who's going home this week?Q: PHP and jQuery - appending data to DOM from user selection I'm using jQuery to get the values from a form (from the HTML of this site: and I'm trying to use PHP to populate a div with the values selected by the user. So far I can only get the first option in the list to
